Principal's Report Cindy Matte

Meeting with school board tonight, it will be a workshop for budget cuts. Cindy is trying to get approval for four lunch periods, allowing an extra block for teacher advisory time, it will allow students to get extra support time.

Janice Trembley is moving at the end of the month. She is a Brookline resident and the board needs to find a one year term replacement for her position.

Teacher Parent night went very well. Using sign up genie was a success for most teachers. Will use it again and try to work out kinks and get all teachers on board. Will put in a reminder to parents with teachers' room number.
